- Light and easy 'lift out' auto-lock hanger
- Non-rotational design to prevent tube tangling
- High strength locking for heavy loads
- Tough construction from stainless steel and nylon
- Easy 'pull-down' release from any angle
- Large 28mm diameter stand body for ease of pump mounting
- Friction retainer mount for effortless use
- Removable and permanent fold down options
- 705mm up to 1135mm total height
- 10kg weight capacity, 5kg per hook
- Only 1kg total weight

Product Code

- Standard IV Pole - MPT-CA-IVP
- Folding IV Pole - MPT-CA-FIV

Why Buy

Constructed tough and from stainless steel, these clever non-rotational IV poles are designed to withstand the harshest use and make daily life easier by helping to prevent the tangling of critical soft tubing and cords. Simply lift out the hanger to any height and it automatically locks into an infinite position. Press the button to release and lower. The standard removable IV fits into all four corners of a trolley top and stores underneath in the base if there is provision. The folding IV fits onto either end of the trolley top and can be installed to fold down either to the left or right.

Standard IV storage
