

FREQUENTLY ASKED QUESTIONS

Q: Do they come in different colors?

A: No, the Mawby Hook is exclusively available in red.

Q: What is the most I can tow with them?

A: The Mawby Hook is designed and rated for a towing capacity of 3.5 tons.

Q: What size chain do they fit?

A: The Mawby Hook has an 11mm throat. Please ensure that your chain and towbar are compatible with this size.

Q: Will they fit on my vehicle?

A: The compatibility of the Mawby Hook depends on the size of your chain and towbar. If they match the 11mm throat, you're good to go.

Q: Are they legal?

A: Yes, the Mawby Hook complies with AS4177.4 standards, making it a legal and safe choice for use as a chain linking device in Australia.

Q: Will you be making bigger ones?

A: We're currently in the process of designing a new model to accommodate larger chains and towbars. This model is expected to be released in mid-2024.

Q: Will you be making stronger ones?

A: The Mawby Hook's current 3.5-ton capacity is sufficient for most towing needs.

Q: Can I install them differently than the instructions?

A: To ensure safety and optimal performance, it's recommended to follow the provided installation instructions precisely.

Q: Where can I buy the Mawby Hook?

A: Please visit our website and refer to our [distributor list](#) for information on where to find the nearest Mawby Hook dealer.
