

2T Steerable Load Skate with Swivel Castors Removable Handle

2000kg Industrial Shifting Skates with Swivel Castors – MWCRP-3

Move medium-heavy industrial equipment safely and efficiently with the **MWCRP-3 Industrial Shifting Skates**. Designed for **loads up to 2000kg**, these skates feature **360° rotating wheels** and a **swivel plate**, allowing smooth movement in any direction.

The skates include a **removable connecting handle (1080mm standard)** for easy transport and control. The **maintenance-free design** comes with **integrated carrying handles** for simple lifting and positioning.

For precise placement, loads can be lifted and positioned using either a **roller crowbar** or a **jack**, making setup fast and safe.
