

## Drum Lifter / Rotator & Pourer- 450kg Capacity Lifts Steel, Plastic & Fiber Drums

The MTBFL is ideal for applications where drum or barrels are stacked, transported, and poured. This barrel lifter is ideal for liquid transportation of oil, chemical, fuel & food allowing the user to be able to pour them without manual labour required.

### Features

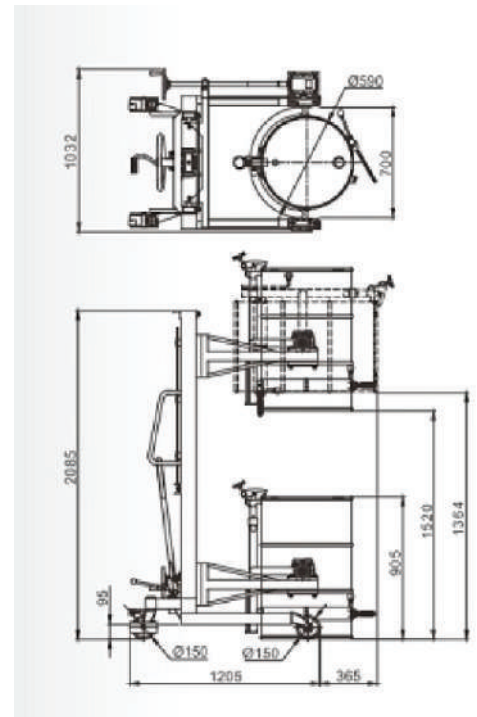

- Stacking, transporting, and pouring at an angle made easy.
- Simply wheel the lifter up to the barrel/drum and secure with the gripping device.
- The 180-degree tipping function allows the operator to remain at the controls during the tipping operation.
- Powder coated safety yellow for hi visibility and extra protection from wear and tear.
- The barrel is controlled by the turning wheel.
- Contains a foot pump, hand pump, and foot release pedal for lowering.
- Has a foot brake.
