

CONQUEST HDS50

WALK-BEHIND POWER SCRUBBER

CLEAN SMARTER WITH CONFIDENCE

Built for operators who need both power and precision, the Conquest HDS50 delivers long-lasting electric performance with an ergonomic design and easy-to-use features. This machine is ideal for maintaining high standards of cleanliness in busy or noise sensitive environments.

HDS50

Combining powerful scrubbing performance with advanced, eco-friendly design to deliver unmatched cleaning performance on mid-sized commercial and industrial floor spaces.

Features & Benefits

- Compact design and intuitive controls make it easy to clean effectively, even in tight spaces.
- Start&Stop technology conserves energy and water by pausing scrubbing when the machine stops, conserving energy and reducing waste.
- Yellow-marked maintenance touchpoints make daily upkeep faster and easier, minimising downtime
- Durable polyethylene body protects components for long-lasting performance.
- Noise-canceling technology reduces operating noise for a quieter clean, improving comfort in noise-sensitive environments.
