

Forklift Broom 1200mm 8 x Bristle Rows EW-FB1200-8

Sweep or move grain, rubbish, sand, gravel, rocks and many other materials.

Sweep materials such as plastic shrink wrap and welding wire which can't be swept with rotary brooms or vacuum sweepers.

Suitable for applications in every industry including farming, agriculture, grain handling, waste, mining, etc.

Economical and practical with a powerful sweeping action at a fraction of the cost of a mechanical sweeper.

Specifications:

- 8 Bristle Rows
- 1200mm Width
- Height 300mm
