

Universal BIN LIFTER

A battery operated hydraulic push button unit that aids in the lifting and emptying of wheelie bins into dumper bins. Completely Australian Standards compliant, the safety cage and extra guarding adds extra protection for users.

This is an ideal unit for heavy weight and frequent lifts. The push-button operation eliminates manual handling and associated risks of lifting bins.

Suitable for supermarkets, schools, construction sites, apartment blocks, waste management companies, event organisers.

Typical applications

Suitable for supermarkets, schools, construction sites, apartment blocks, waste management companies, event organisers.
