

## WAX BATH

Therabath paraffin bath allows a patient to receive therapeutic treatment by dipping an extremity into a pool of heated medical grade paraffin wax. This penetrating heat relieves pain and stiffness and is optimal for people suffering from arthritis, bursitis, muscle spasms and chronic joint pain.

Can be used in the home, clinics & hospitals!

## KEY BENEFITS

- To soothe chronic arthritis joint pain
- To relax stiff muscles
- Therapeutic massage on clients
- To increase range of motion
- To relieve dryness from repeated handwashing
- For tired, overworked hands
- For very dry skin
- To warm cold hands, especially in winter!
