

### 3 Shelf Curved Glass Front Control (back to wall)

MODEL SHOWN - D2RDFC

### 3 Shelf Drop-in Refrigerated Display with Curved Glass and Front Control (back to wall)

Chilled display units incorporating a cold well and 3 glass display shelves. The unique Versigen innovative "Polar Air Stream" system provides a constant, recirculating cold air curtain completely enveloping the food displayed. Holding pre-chilled food at a safe, regulated temperature while retaining taste and freshness. Perfect for sandwiches, fruit, yogurts and cold drinks. Self-contained units with accurate, digital control, automatic defrost, high pressure warning and automatic condensate evaporation. The Refrigeration System is housed underneath in a tidy, compact cradle. Utilising a highly efficient, naturally occurring, hermetically sealed, hydrocarbon gas type R290 as standard - reducing carbon footprint and energy consumption.

#### Features
