

# 01.05 Light series

*Lighter design using wire construction*

- > *No storage options on the chassis – helps to prevent thefts*
- > *Narrow meshed baskets, with a 70 or 100-litre volume*
- > *Shallow basket for smaller purchases – Compact, convenient and light*

Basket volume of 70 or 100 litres.

Can be nested to save space

Wanzl castor with rubber tread

Type III Wanzl travelator castor

## 01.05 Light series

■ The **shopping trolleys in the Light series** are easy to handle and are the ideal addition to your standard pool of trolleys. The shallow basket with a 70 or 100-litre volume is easy to load, which is why it is the first choice for many customers making smaller purchases.

### A second trolley for added service

Offering your customers an additional **Light shopping trolley** is seen as a welcome service. It helps to increase customer loyalty and is a good response to changing shopping habits. People are shopping more frequently, buying smaller quantities of fresh products. Single shoppers like how easy it is to handle for quick shops while senior citizens appreciate the ergonomics and comfort of the higher basket base. At the moment they choose their shopping trolley from the rows, your customers are deliberately selecting the most suitable trolley.

### Convenient shopping

The **shallow basket shape** is at a pleasant and convenient height for easy loading. Goods are clearly visible and carefully stored.

### Legroom

Optimum **comfort** thanks to a large amount of legroom which provides extra protection for shins.

### Securely fastened

The castor wheels are **screwed onto the chassis from below** using hidden screws and special purpose tools.

### Advertising and protection

Round tube handle available on request with advertising insert. Handle protection caps and plastic deflector rings for protecting the trolley and equipment.

### Standard design

Chassis made of robust flat oval pipe. Narrow meshed basket made of steel wire, with round tube handle and plastic handle protection caps. Comprehensive noise reduction for quiet running.

**Finish:** High-gloss, galvanised, chrome-plated with baked on plastic paint protection or with coloured Power Coating Plus plastic powder coating.

**Castors:** Original Wanzl castors with plastic deflector rings.
