PROVIDING INDUSTRY SPECIFIC SOLUTIONS

CELLAR AND KEGS

Fully supports and balances kegs, spins on a dime, and can go directly sideways. Perfect for cellars, cool rooms and other confined spaces.

Keg Rotatruck
11-23RC-R350
Option: Keg Hook Kit 4"
14-3070/B

STAIRCLIMBING

Reduces the effort required on stairs, negotiates those tight spots easily and places a load vertically with minimal effort, making the most of that limited space.

Stairclimber straight frame
11-235C-R2/13
Stairclimber curved frame
11-235C-R2/53
Option:
Keg Hook Kit 4"
14-3070/B

BEVERAGE AND STOCK

Australia's most popular food and beverage delivery trolley is now available as a Rotatruck with all the benefits of the unique self-supporting wheel base.

Beverage and Stock Rotatruck:
11-2482
Capacity: 250kg

MONEY BACK GUARANTEE ON ROTATRUCKS*

This offer provides a risk free opportunity to test and experience the unique benefits of the Rotatruck. If your Rotatruck hasn't increased your productivity, lowered the risk of injuries and reduced your handling cost after 30 days, return it for a full product refund - risk free!

*Conditions apply. Please contact Rotacaster or visit www.rotacaster.com.au for more information.

\$500 CASH BACK

WorkCover offers NSW businesses with less than 50 equivalent full-time employees, a rebate of up to \$500 for purchasing eligible safety equipment to address an identified safety issue within their workplace. Where businesses undertake manual materials handling tasks, the Rotatruck qualifies for this rebate. **

"We got the full \$500 rebate from WorkCover. The process was straightforward. Both WorkCover and Rotacaster were great to deal with."

James Dalby, Newcastle Batteries

Ask our customers

"Can take a fair wack of weight and doesn't break"

"We have been using our Rotatrucks for more than three years. The trucks can be loaded with a fair wack of weight and are still easy to move especially up and down kerbs. We are impressed that nothing ever has broken. Rotatrucks have simplified our daily work and save us a lot of time moving stock around the pub and bottle shop."

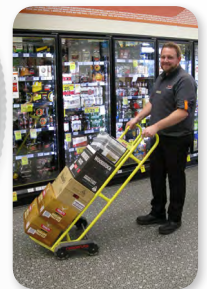

Scott Dyson, Hotel & Bottle Shop General Manager, Prince of Wales, Merewether NSW

"I feel less tired after a shift"

"I found Rotatruck much easier to use than our standard hand trucks. We no longer need to bend as much when loading products, which means I feel less tired after a shift. Rotatrucks negotiate narrow aisles and tight spaces easily, even when fully loaded, and this makes tasks less fatiguing for our staff."

Ian, Store Manager BWS Adamstown, NSW
