Indigo Care has designed the Mechanical Paddle Pendant with the elderly resident in mind; the one that has low to no mobility. This model is small, round and flat for comfort which will also improve the patient's handling of the pendant. It can easily be slipped under the arm or neck to activate. With its aesthetic and lightweight design, yet durable construction, the pendant looks and feels great and is easy to use. The patient needs only to exert a little pressure on the pendant to activate it.

- **Easy to Use**
- **Cost Effective**
- **Integrates to most Nurse Call Systems**
