SuperFUSION

Applied Welding Technology

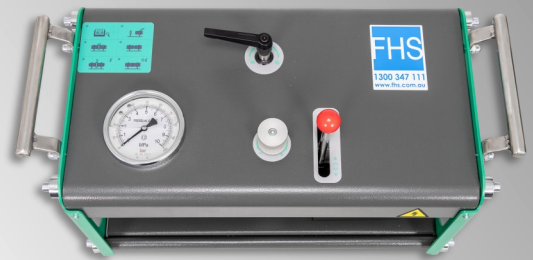

V SERIES

SuperFUSION V Series, the latest design of robust yet affordable butt welders brought to you by Fusion Hire & Sales. The electrohydraulic control systems are built strong with quality components, yet simple and easy to use.

The V series are supplied complete with:

- Full set of nesting liners
- Teflon coated heater plate
- Pipe facer with safety micro-switch
- Hydraulic hoses with quick couplings
- Stand for heater plate and facer
- Features critical components from Germany and Italy

SPECIFICATIONS	200SLP	315SHP	450SLP	630SLP
Welding Materials	PP, PE, PVDF	PP, PE, PVDF	PP, PE, PVDF	PP, PE, PVDF
Application Range	63-200mm	90-315mm	200-450mm	315-630mm
Weight	200kg	256kg	486kg	729kg
Working Temperature	150-270 C	150-270 C	150-270 C	150-270 C
Cylinder Area	626mm ²	2000mm ²	2237mm ²	2306mm ²
Working Pressure	0 Bar - 90 Bar	0 Bar - 90 Bar	0 Bar - 120 Bar	0 Bar - 120 Bar

So for the right advice and competitive pricing for all your pipeline welding equipment, call us today. Our technical sales team are always available to help.
