

Dropside Options

There are a range of dropside options available to customise any trolley to suit your special requirements.

Key Benefits

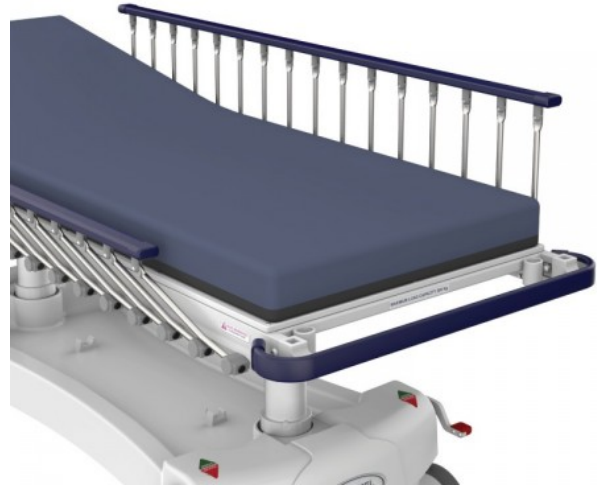

- Multi-riser dropside options for closer spacings
- Split fold option for safer patient access
- Horizontal rail designs for longitudinal support
- Flush folding option for mattress transfer or x-ray
- Mid position lock option for easier patient access

Product Codes

- 16 riser dropsides - MPT-CA-16RD
- 7 riser dropsides - MPT-CA-7RD
- Split fold dropsides - MPT-CA-SDS
- Flush fold dropsides - MPT-CA-FFD
- Mid position lock - MPT-CA-CMP
- Deluxe dropsides - MPT-C-D

Why Buy

We understand that there are different ways that patients must be transported and procedures performed. Safety comes first, which is why we've developed a selection of side rail options, to ensure you can have the right outcome for your department's requirements.
