Paxum® S300

Paxum Inline Fully Automatic Pallet Wrapping Machine

#62208

| Programmable Control | Customizable Options | SIEMENS Control System | Remote Control Operation |

Paxum Films

Gateway Packaging Pty Ltd

This cutting-edge machine, equipped with a Motor Drive Conveyor, is tailored to seamlessly integrate into your automatic production line. Partnered with high-quality Paxum Machine Stretch Film, it ensures unparalleled load containment and stability during transportation and storage.

Features

- Customizable Wrapping Cycles
- Automatic Height Testing
- Stainless-Steel Conveyor
- 300% Pre-stretch Ratio
- Programmable Control
- SIEMENS PLC Controls
- Soft Start and Stop
- Ideal for Production Lines
- Maximum Load Capacity: 3000KG
- Efficient and Automatic
- Pallet Grip system
- Slewing Bearing Turntable
- Durable Conveyor
- Remote Control Operation

Specifications

Maximum wrapping speed	30-40 loads/hour	**Weighing Scale**	Optional
Load Size Diagonal	1753mm	**Machine Weight**	980KG
Maximum Wrapping Height	2400mm	**Machine Weight**	400KG
Turntable Speed	0-15RPM(Adjustable)	**Machine Size**	L:2000mm W:1800mm H:3700mm
Turntable Size	2000mm	**Turntable technology**	Slewing Ring
Turntable Drive	1.5PH	**Voltage**	380V/220V/50HZ 1phase
Cut And Clamp Film	Automatic (Heat type)	**Inverter**	X-Line
Max load weight	3000KG	**Position sensor**	SICK(Germany)
Standard Film Width	500mm	**PLC**	SIEMENS(Hongkong)
Constant Film Delivery Force	Standard	**Travel Switch**	OMRON(Japan)
Standard Pre-Stretch	300% pre-stretch	**Motor**	GPG
Roller Materials	Stainless Steel 201 diameter :89mm	**Relay**	OMRON(Japan)
Film Capacity	250mm Diameter	**Touch screen**	SIEMENS 7inch
Film Delivery System	Power Roller -Stretch Plus	**Switch**	Schneider
Film Rope System	Standard
