

Suresweep S800

190448 - Manual 80 cm sweeper

- Tandem Roller System (TRS) ensuring highly efficient collection of materials.
- Entirely manually operated with no electronics to reduce cost of ownership.
- Main and side brooms made of wear-resistant polyamide and is easily serviceable.
- Main structure is made of impact-resistant polyethylene for long lasting quality and durability.
- Corners and edges are no problem, and since the sweeping and lateral brushes can be adjusted in height the S800 can be set for various terrains.
- Quick-folding mechanism of the push-handle.
- Large dust container means improved working efficiency.
- Designed to be light, fast and maneuverable, the S800 picks up metal shavings, nails, paper, leaves or beverage tins.
- When it is pulled backwards, the sweeping rollers and lateral brushes are raised, and after having finished using it the S800 can be stored in very tiny places!
- Engineered and manufactured in Germany.
