

Hydraulic Scissor Lift Table - 750kg Capacity 990mm Lift

The MTT75 Manual Hydraulic Lift Table is designed to reduce strain and fatigue from bending and lifting in industrial and warehouse settings. With a **750kg load capacity** and ergonomic foot-pump operation, this lift table makes handling heavy goods safe and efficient.

The smooth hydraulic lift is easily operated via foot pump, and the hand release lever ensures safe, controlled lowering. The unit is equipped with lockable swivel urethane castors and a rear braking system for enhanced safety and manoeuvrability.

Features

- **750kg Load Capacity** – Ideal for heavy-duty warehouse and industrial use.
- **Hydraulic Foot Pump Operation** – Lift to preferred height with minimal effort.
- **Controlled Lowering** – Hand-operated release lever for safe descent.
- **Overload Bypass Valve** – Protects system from excessive loads.
- **Rear Braking System** – Ensures stability while stationary.
- **Lockable Swivel Castors with Toe Guards** – For safe and smooth movement.
- **Powder-Coated Safety Yellow Finish** – Increases visibility and resists wear.
- **Polyurethane Wheels** – Suitable for delicate floors like tiles, timber, or marble.

⚠ Note: For lifting goods/products only. Not suitable for lifting people.
