

Platform & Fork Stackers- 1.5m Lift / 400kg Capacity Adjustable Forks- Removable Platform

The MPJ4150 Platform/ Fork lifter is excellent for loading and unloading heavy objects off the back of trucks and utes, reducing the risk of back injury.

Features

- Two in 1 machine with its removable table and fork function.
- Can lift from the ground so it can go straight into skids.
- Simple and easy to operate.
- Lifting movement via collapsible foot pedal.
- Sensitive lowering through sinking valve.
- Hand push drive.
- Overload protection via pressure valve.
- Provides safe operation and secure working conditions.
- Stable chassis with 2 frame rollers and 2 steering rollers.
- Polyurethane wheels: a softer compound that distributes the weight more evenly over the floor and are non-marking.
