---

### **Product description**

The Mitchel Refrigeration GN Series Refrigerators and Freezers come in single, double, four and six door variants. Featuring a large internal capacity, the GN Series features a solid body construction and a fan cooled, frost free design. All GN Series units fit standard gastronorm trays and come on castors for easy mobility. All GN Series products are fully MEPS approved and only use ozone friendly R134a and R404a refrigerants in accordance with Australian Law.

#### **Mitchel Refrigeration Stainless Steel Four-Half Door Freezer F1170HDGN-TOP**

The F1170HDGN has an internal capacity of 585 litres and constructed with a 430 grade stainless steel exterior and a painted aluminium interior. The unit features a 4x1/2 door design that makes it easier than ever to access products inside the fridge without disturbing other compartments or loss of cooling
