

SMART+

The **V AIR SMART+** range is the ultimate solution for venues needing speed, consistency, and performance. Featuring revolutionary ventilation technology, you can place multiple machines side by side without overheating issues – saving precious counter space while delivering high-volume output – known as **'The Sexy One!'**

Key Features

Presentation Plus – Highlight your Product

Ventilation Technology – Zero clearance required; machines sit side by side effortlessly

Cyclic Reverse Mixing – Smooth, clump-free slushies with unified consistency

Smart Timer Control – Automatically manages chill/freeze cycles

LED Display Lighting – Illuminate and Shows off the Product

App Controlled Capability – Control chill/freeze mode, time and light

Smart Tap Handle – 1 piece design for easy disassembly, cleaning and usability

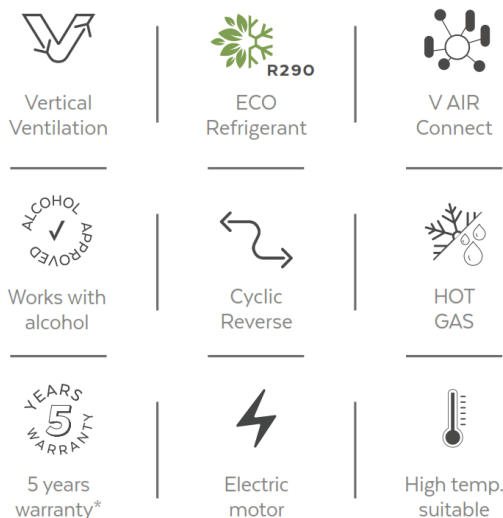

Hinged Lid – Easy refill by allowing the front half to open without removing the entire lid

Sleek European Design – Built in Spain for performance and durability

Easy Access Filter – Located under the machine, slides out effortlessly

Just 21,5 cm width
