

Post Style with Wire Grid

Mantova's patented wire shelving system is an excellent option if air flow and strength are critical. Wire shelving is easy to install and with solid steel sides easier to clean than other brands of wire shelving. Fully welded steel corners offer class leading strength, a clean look, and price and product name space for front of shop use.

SHELVES

Frames are welded 32 mm x 2.5 mm roll formed section with Wire Grid of

4 mm wires spaced on 8 mm cross supports spaced at 25 mm centres.

Shelf lengths from 600 mm to 1800 mm available in increments of 150mm.

Width can be 300, 375, 450, 525 or 600 mm deep.

POSTS

Posts are manufactured from 25 mm x 25 mm x 1.2 mm tube fitted with a Mantova bullet foot allowing 32 mm of adjustment. Standard post heights are 1200 mm, 1800 mm or 2000 mm high.
