

Container Ramp Heavy Duty 8 Tonne Reefer Ramp EW-FR8-REEF

EW-FR8-REEF is designed specifically for loading and unloading reefer refrigerated shipping containers. These container ramps bridge into refrigeration (reefer) containers from ground-level. The floors of Reefer containers are higher than those of a standard container, needing a taller ramp. The flaps of these ramps allow the ramp and container to align on slightly uneven ground.

Specifications:

- 220 x 162 x 10.6cm
- Safe Working Load (SWL) : 8000kgs
- Unit Weight: 360kgs
- Pockets: 200x100mm
