

Catch-it Storm Water Drain Baffle

The Catch-it is a robust stormwater drain pollution protection system. Made from solid durable recycled plastic and rubber components, it can be moved from site to site. It is designed for road-side or side entry drains and reduces the amount of sediment or solid pollution entering the drain from the side.

The Catch-it comes with a two year pro-rata warranty.

IDEAL FOR:

- Construction sites or earthworks near established side entry drain systems.
- Use in conjunction with the Drain Warden for complete side-entry drain silt containment

TIPS:

- Designed for standard drain dimensions in Qld and NSW. Drain entry must be 100mm high and 1900mm wide to fit.

Code	Title	Qty
