

Reel / Roll Pallet Jack - 1500kg Capacity 990mm Wide

Engineered for safe and efficient handling of large cylindrical items, the MPTR1500 Pallet Jack is purpose-built to lift and transport rolls, reels, coils, and cable drums.

Features

- **Heavy-Duty Design:** Torsion-resistant steel construction delivers maximum durability and stability under load.
- **Galvanized Hydraulic Pump:** Corrosion-resistant and built for long-term performance in demanding conditions.
- **Safety First:** Integrated pressure relief and overload valve ensures compliance with OH&S regulations.
- **High-Visibility Finish:** Powder-coated in safety yellow for improved visibility and extra protection against wear.
- **Floor-Friendly Operation:** Polyurethane wheels provide quiet, smooth transport- perfect for sensitive surfaces like tiles, floorboards, or marble.
- **Simple 3-Position Control Handle:** Easily switch between Lower, Neutral, and Lift for safe and efficient handling.
