

Switchboard/ Furniture Moving Trolley 1800kg Capacity

Hydraulic Switchboard/ Furniture Mover.

Specifications

The hydraulic furniture mover from Mitaco offers a lifting height of 250mm and the lifting plate is of the size 600x60mm. The support rails of the mover come with protective covering and is given a powder coated finish. The trolley is also endorsed with two Polyurethane wheels each of a diameter of 150mm. Polyurethane is a polymer and hence resistance to a wide range of extreme conditions, making the wheels more durable which can move easily even on carpeted floors and harder surfaces. The net weight of the mover is just 86 kgs
