

Contour Heli-Transfer

An essential trolley designed to assist with patient transportation outdoors.

Key Benefits

Smooth and steady: An advanced E-Point steering system and solid, perfectly centred steer wheel ensure the stretcher accurately tracks and turns, while maintaining a strong grip with the floor.

Supercharged: Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

Custom quality: Manufactured in Australia with speed, quality, and care, plus customisation capability.

Longest warranty: Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

Application

Ideal for patient transfers.

Why Buy?

Safely and easily move a helicopter trolley across onto this transfer stretcher, a platform designed to minimise effort whilst transporting patients over rougher outdoor surfaces. After benefiting from the smooth, flat bridge that lines up with the helicopter door, rapidly fasten the helicopter stretcher securely down with the four quick pull straps.

Reduce the trauma to patients and babies in cribs and the workload for carer's whilst transferring via the large diameter castors and very stable stretcher.

Contour Heli-Transfer

Hydraulic option

Non-powered, manually operated trolley option.

In some cases, such as small or remote facilities, or large high pressure departments, hydraulically operated trolleys may be more beneficial, with simple mechanical servicing and without the requirement of regular charging or power cords.

Electric & Orbit Power Drive Upgrade

Powered, orbit power drive operated trolley option.

RACQ Life Flight

Built in backrest with a special thin high density mattress and split dropsides.

Westpac

6 riser dopside and rubberised outdoor castor wheels.

Specifications

Overall Size: 2135 x 815mm (705mm narrow & 965mm wide options).

Patient Surface: 1900 x 700mm (590mm narrow & 850mm wide options).

Electric Height Ranges: 550 - 920mm.

Hydraulic Height Ranges: 530 - 860mm.

SWL: 300kg.

Castor Size: 200mm rubberised castors for outdoor shock absorption.

Package Includes: tie down straps, orbit drive, all-terrain castors, flat stretcher top with tie down straps and gap bridge, fully customised top surface option to suit special purpose & comes standard without backrest.

Options: Can be supplied with or without dropsides, emergency CPR backrest available.

Product Code

Electric Package - MPT-C-HE-P

Hydraulic - MPT-C-HH
