PASTICCERIA

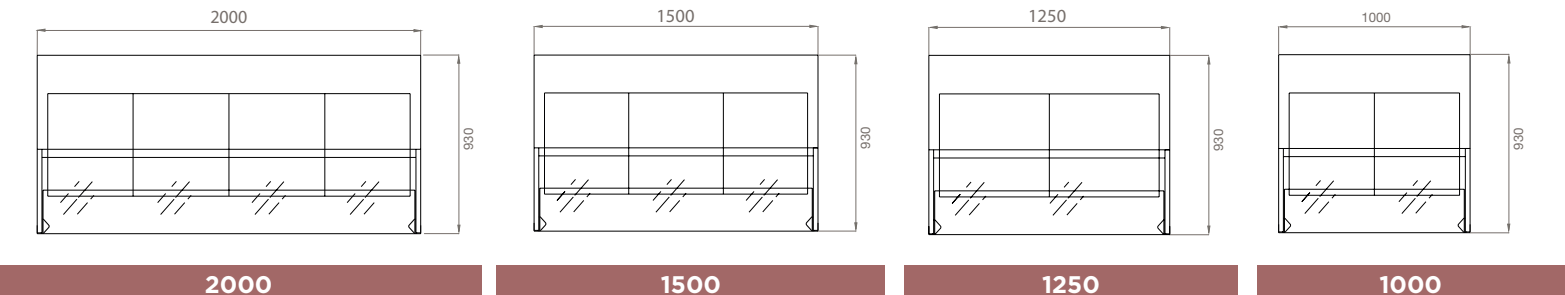

CONFECTIONERY / PATISSERIE / KONDITOREI / PASTELERÍA

Vetrina pasticceria professionale con basamento in tubolare d'acciaio verniciato con polveri epossidiche, piedini regolabili (a richiesta ruote).
Scocca monoblocco schiumata con poliuretano iniettato (kg. 38-40 kg. Mc.) e rivestita internamente in acciaio inox. Castello vetri in tubolare di alluminio, vetri piani temprati e riscaldati, vetro frontale apribile verso il basso, vetri laterali bianchi o neri, illuminazione a Led, chiusura posteriore con scorrevoli. N°2 mensole sulla pasticceria H. 137 – N°1 mensola su pasticceria H. 120. Impianto ventilato con evaporatore sottopiano, sbrinamento automatico, quadro elettrico con termostato elettronico, unità condensatrice ermetica monofase, evaporazione condensa in automatico su vetrina con motore interno, scarico condensa da collegare alla rete fognaria, quando la vetrina è con motore esterno.
Classe 3 (25°C temperatura ambiente -60% umidità relativa).
Classe di temperatura 3 (M2= - 1°C/+7°C), nel rispetto della norma UNI EN ISO 23953-2:2016.

Professional pastry showcase with tubular epoxy painted steel base, fitting for wheels and adjustable feet (wheels on request). Enbloc body insulated with injected polyurethane (38-40 kg/m3) and lined with stainless steel. Glass superstructure in tubular aluminium, tempered, heated flat glazing, downward-opening glass front, lateral glass white or black, LED lighting, back closure with sliding panels. 2 shelves on confectionery showcase H. 137 – 1 shelf on confectionery showcase H. 120. Forced-air refrigeration system with evaporator installed beneath display surfaces, automatic defrosting, electric control panel with thermostat, single-phase hermetic condenser, automatic showcase condensate evaporation with integral motor, condensate drain for connection to drainage system when showcase has remote motor.
Class 3 (25°C ambient temperature -60% relative humidity).
Temperature class 3 (M2= - 1°C/+7°C), in compliance with the UNI EN ISO 23953-2:2016 standard.

ALBA SQUARED PIANO INCLINATO / WITH INCLINED SURFACE

ALBA SQUARED PASTICCERIA / PASTRY

H cm. 120/137
L senza fianchi/without side panels: cm. 100/125/150/200
L con fianchi/with side panels: cm. 106/131/156/206

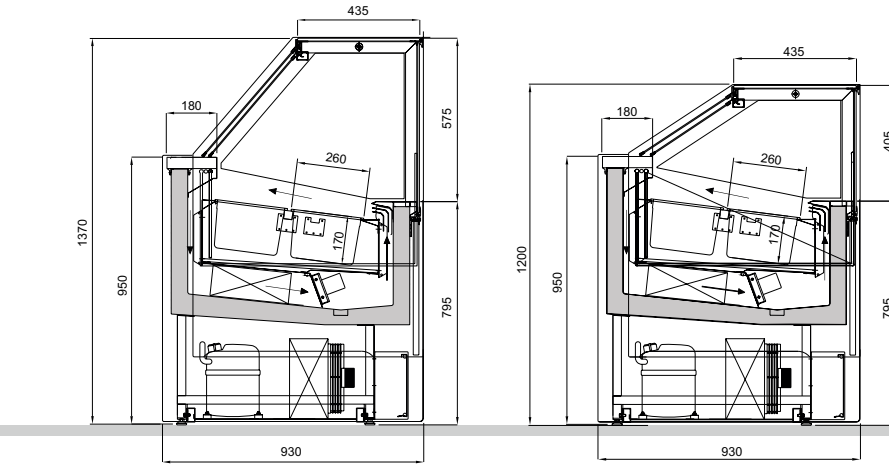

Struttura: acciaio inox e alluminio anodizzato
Frontale: laccati RAL
Fianchi: laccati RAL
Illuminazione piani: LED alta luminosità
Motori: interni o remoti

Structure: stainless steel and anodised aluminium
Front panel: lacquered in RAL /catalogue colours
Side panels: lacquered in RAL /catalogue colours
Shelf lighting: high-luminosity LEDs
Motors: integral or remote
