

Drum Lifter – 3 Leg – 500kg Capacity – Forklift Attachment for 125L/205L Drums

A professional drum handling attachment designed for **lifting, transporting and positioning 125L and 205L drums** (33 and 55 gallon drums).

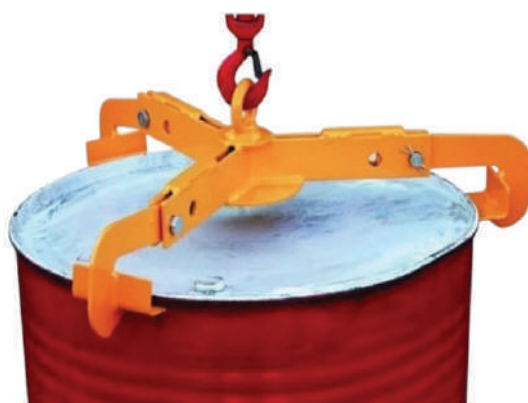

Suitable for **steel and polyethylene drums**, both open head and closed head, this 3-leg drum lifter provides a secure and efficient solution for industrial drum handling applications.

The **three-point drum contact design with stabilising arm** helps reduce drum damage while automatically engaging the drum rim when lowered, providing reliable lifting and transport.

Ideal for warehouses, factories, workshops and industrial environments requiring safe and efficient drum movement.

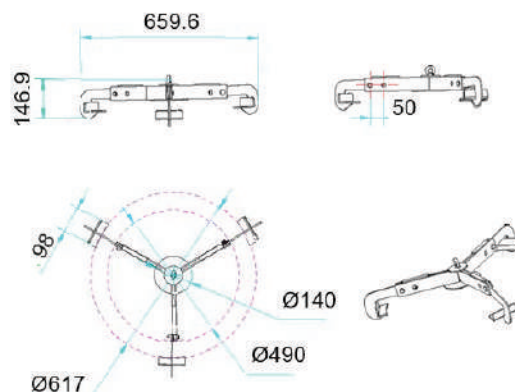

Features

- **500kg Load Capacity.**
- Suitable for **125L & 205L drums (33 & 55 gallon).**
- Compatible with **steel and polyethylene drums.**
- Suitable for **open and closed head drums.**
- **3-point drum contact design** for improved stability.
- Stabilising arm helps reduce drum damage.
- Automatically engages the drum rim when lowered.
- Lightweight design for easy handling and attachment.
