

## Product Information

- Energy efficient fan forced heating system specifically designed to provide heated fan forced air distribution evenly throughout the display
- Adjustable digital temperature control (from 60°C - 80°C)
- Warm LED lights on each shelf to emphasize and increase product visibility
- Frameless double-glazed for exceptional display and safety
- Concealed rear filling water well positioned for hot air to be passed over, introducing humidity into the display - keeping products fresher for longer
- 4 tier (base and 3 adjustable wire shelves)
- Spring loaded sliding glass doors to rear with magnet to hold doors open for loading. Supplied on castors for easy manoeuvrability and cleaning

**Designed & Engineered in Australia to meet Australian Standards**  
**24 Months on-site parts and labour warranty**

## Specifications

<b>Model</b>	AXH.FDFSSQ.12
<b>W x D x H (mm)</b>	1200 x 696 x 1350
<b>Weight</b>	174kg
<b>Packed Dimensions (mm)</b>	1280 x 750 x 1550
<b>Packed Weight</b>	226kg
<b>Operation</b>	60°C - 80°C
<b>Total Connected Load</b>	2.1kW
<b>Power</b>	230VAC / 50Hz / 2.1kW 10A plug & lead
