

PUMP MODULES CPM25 & CPM55

The OZmist OZCPM 25 and OZCPM 55 Pump Modules are the best value for money misting pumps on the market!

CPM pumps are designed for small to medium static and fan based mist systems. Applications include alfresco, domestic, commercial and small industrial systems.

CPM pumps pressurise tap water to 1,000PSI and provide flow rates of 1.4 l/pm to 3 l/pm (*25 & 55 x 0.2 Nozzles). All CPM pumps connect seamlessly with the Quick Fit S/S mist line system and our wide range of mist fans.

Built with quality, long service and value in mind, our CPM pumps have all the features you need without a big price tag. With over 17 years experience in manufacturing and supplying misting systems across Australia we know what works, ensuring you get maximum cooling at a great price.

FEATURES

- ✓ Operating pressure 70BAR or 1,000PSI
- ✓ Power supply 240V / 50Hz
- ✓ Inlet water solenoid valve
- ✓ Low water pressure shut off switch
- ✓ Hour meter
- ✓ Adjustable pressure regulator on pump
- ✓ Heavy duty brass pump head
- ✓ Internal 10" x 5 micron water filter cartridge
- ✓ Powder coated metal cabinet

QUICK FIT STAINLESS STEEL

The OZmist "Quick Fit" range of tubes and fittings is an innovative misting line system which is extremely easy to use, looks great and will last forever. Tubes are fabricated from 3/8" x 304 grade stainless steel, while the fittings are machined from solid brass and chrome plated. Unlike nylon tube misting lines, stainless steel tube can span long distances without sagging or twisting.

SUITABLE FOR A MULTITUDE OF PURPOSES

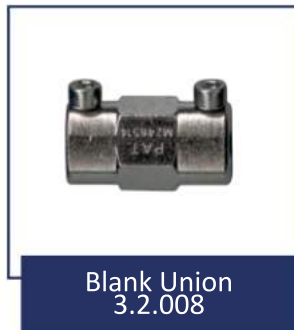

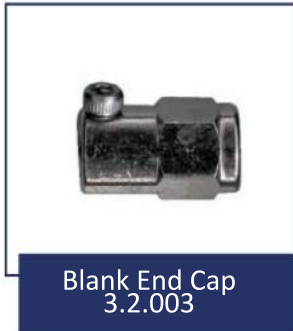

- ✓ Outdoor cooling for alfresco areas, patio's, restaurants, cafes and clubs.
- ✓ Condenser pre-cooling systems
- ✓ Animal aerial disinfection and cooling
- ✓ Special effects
- ✓ Outdoor events and marquees
- ✓ Dust suppression
- ✓ Tube and fittings rated at 1,500PSI.
- ✓ Can be supplied to run off tap water as a low pressure misting system
- ✓ Tubing is available in 4 standard lengths. (Other lengths can be supplied on request.)
- ✓ Full range of fittings available
