

PVC 2-Fold Floor Sensor Mat-Corded

(TGA Registration: 223902 – RCM Approved – AS/NZS61000.6.3.2012)

PRODUCT CODES:

Floor Sensor Mat only: MED-FM-03

Floor Sensor Mat & Y Cable (X = 1, 2, or 3): MED-FM-03-6T(X)

Indigo Care provides a smart Australian designed 2-Fold Premium Floor Sensor Mat that is designed for easier storage and trip-hazard free. It is manufactured from a heavy duty, easy to clean waterproof PVC vinyl with a textured slip reduction surface. It is designed to be placed on the floor at the side of the resident's bed providing coverage for the full length of a standard bed at 1220mm in length. Multifunctional, it can also be used as a chair sensor mat as the floor sensor mat is operable in a folded position and can be placed on a large chair or moved to the sitting area and placed in front of the resident's chair.

Unlike other floor mats, our Premium Floor Sensor Mats are designed to work either with a cable (corded) or completely cordless with our Wireless Receiver and Transmitter. In addition, it has a small storage compartment for loose cables and wireless transmitters.

The "Y" cable is included with the hardwired, corded mat. The Y cable has a spare 6.3mm socket allowing the nurse call bell pendant to plug in as well so that either pressing the call button or standing on the mat will alert/trigger the nurse call system's alarm.

The Y Cable is detachable to reduce trip hazard and to provide an economical replacement cost if required.

KEY SPECIFICATIONS:

- Dimensions : 610mm X 1220mm X 6mm (24" X 48" X ¼")
- Electrical Resistance < 100 Ohm
- Black PVC Yoga Pattern
- Bottom: Black non-slip
