DUAL CAB ALUMINIUM UTE SERVICE BODY

A practical and durable storage solution for trade, service and fleet vehicles.

ALUMINIUM CONSTRUCTION
Strong, durable and built for commercial use.

VEHICLE-SPECIFIC OPTIONS
Exact fitment checked before ordering.

EXPANDABLE FITOUT
Drawers, shelving, underbody storage, racks and electrical.

TRADE & FLEET USE
Ideal for tradies, technicians, maintenance vehicles and fleets.

COMPATIBLE WITH POPULAR DUAL CAB UTES

Toyota HiLux | Ford Ranger | Ford Ranger Super Duty | Isuzu D-MAX | Mazda BT-50 | Mitsubishi Triton | GWM Cannon | Kia Tasman

BUILD A COMPLETE SERVICE BODY FITOUT

Add compatible accessories to create a work vehicle setup that suits your trade.

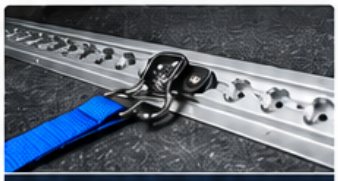

UTE DRAWERS
Organised access to tools, parts and equipment.

UNDERBODY TOOLBOXES
Make use of under-tray space for additional storage.

ROOF & LADDER RACKS
Carry ladders, conduit, pipe and long materials.

TIE-DOWN SYSTEMS
Secure cargo with L-Track and anchor points.

VEHICLE LIGHTING
Improve visibility and safety on and off site.

SHELVING & INTERNAL FITOUT
Customise storage around your tools and equipment.

IDEAL FOR A WIDE RANGE OF TRADES

Electricians | Plumbers | Builders | Technicians | Maintenance Teams | Commercial Fleets

IMPORTANT CONSIDERATIONS

- Payload & weight limits
- Vehicle fitment and mounting
- Possible engineering requirements
- Installation, delivery and accessories priced separately

NEED HELP PLANNING YOUR SERVICE BODY?

Send us your vehicle make, model and year together with your tools and equipment. We can help confirm compatibility and plan a practical fitout for your work ute.
