# FOOD & BEVERAGE INDUSTRY

MOBILITY SOLUTIONS TO HELP YOU  
PUSH, PULL AND LIFT WITH EASE

## MOBILITY EQUIPMENT

### Stainless steel castors

Premium castors designed for wet environments such as the food/beverage production or hospitality where washdowns are frequent, and cleanliness and hygiene is paramount.

- Grade 304 stainless steel.
- Australian made.
- Available in various fork styles and wheel materials.
- Three year warranty.

Visit [www.fallshaw.com.au](http://www.fallshaw.com.au) for entire range.

### High & low temperature castors

Temperature-resistant castors are suitable for temperatures between -30°C to 400°C.

Suitable for extreme temperature environments like ovens or industrial/commercial freezers.

- Load capacity up to 250 kg (-30°C to 400°C).
- Australian made.
- Available in various fork styles and wheel materials.

Visit [www.fallshaw.com.au](http://www.fallshaw.com.au) for entire range.

### Stainless steel tug

Tough and durable, the stainless steel tug is corrosion-resistant for hygiene—critical in a food manufacturing environment.

Suitable for towing trolleys and equipment.

- Load capacity up to 2T.
- Battery powered and rechargeable.
- Stainless steel body and hitch to withstand a humid environment and regular cleaning/sanitization.

Special order: SIE0605

### Powered tugs

Ergonomically-designed, battery-operated tugs designed for safely moving heavy wheeled loads.

- Wide variety of hitches are available for easy attachment to trolleys and bins.
- Tow capacity ranges from 500 kg up to 10 tonnes.
- Easy to manoeuvre.
- Built-in safety features.

Visit [www.electrodrive.com.au](http://www.electrodrive.com.au) for entire range.  
Order codes: TUGCOM500NH; TUGAXIS1TNH; TUGAXIS2TNH

## HANDLING EQUIPMENT

### Meal delivery trolley

Typical applications include: Motorising bain-maries or cook/chill units, motorising your existing food trolleys.

- Move up to 500 kg.
- Battery operated and rechargeable for optimum operation and battery life.
- Folding tiller handle.
- Compatible with all meal delivery systems including Burlodge, Socamel and Versigen.

Order code: TRANSPAK500

### Stainless steel top scissor lift

Manual scissor lift with stainless steel top construction for excellent corrosion resistance.

- Load capacity of 350 kg.
- Positive braking system on rear wheels for safety.
- Precision hydraulic foot pump.
- Quick-release system.
- Lockable castors.

Special order: SLM350SS

### Hand trucks

Hand trolleys with load-bearing, easy-tilting axles and heavy duty construction for awkward/heavy loads.

- Load-bearing and easy-tilting axle.
- Multi-grip loop handle.
- Heavy duty construction.
- Powder-coated RHS and structural steel.
- Pneumatic tyres on steel rims.

Visit [www.castors.com.au](http://www.castors.com.au) for entire range.

### Galvanised platform trolley

Galvanised stock room platform trolley with six wheels. Corrosion resistant for use in extreme environments such as refrigerated coolrooms/cold storage rooms.

- Six castors for easy manoevrability.
- Load capacity of 450 kg.
- Large platform: 990 x 460 mm.
- Built-in rubber bumpers.

Order code: IT450

## WASTE HANDLING EQUIPMENT

### Galvanised bin lifters

A fully galvanised bin lifter model for highly-corrosive areas or permanent outdoor storage. The perfect weather-resistant bin lifter solution for durability and longer life.

- Battery powered or manual models available.
- Lifting capacity up to 150 kg.
- Fully galvanised finish.
- Compatible with 120 and 240 litre wheelie bins.

Order codes: *BLHP1500GAL; BLHP1800GAL, BLEH1500GAL; BLEH1800GAL.*

### Powered bin trolley

Battery operated trolley for safely moving multiple wheelie bins. Easy to steer, featuring a powerful drive wheel for maximum manoeuvrability.

- 400 kg load capacity.
- Move up to three 240 litre wheelie bins.
- Powered drive wheel can carry loads over ramps up to 5°.
- Excellent turning circle.

Order code: *POWBINTROLLEY*

### Wheelie bin lid opener kit

A hygienic pedal-operated lid opener for wheelie bins. Suitable for use in kitchens and food preparation areas.

- Full stainless steel.
- Hygienic foot pedal operation.
- Can be purchased fully assembled, unassembled or as a separate kit.
- Minimum order quantity: 100 pieces.
- End point customisation to suit wheelie bins.

Visit [www.electrodrive.com.au](http://www.electrodrive.com.au) for entire range.
