

MODELLO / MODEL / MODELE: X4_12		CODICE / CODE / REF.: 93FT00134	
VEICOLO / VEHICLE / VEHICULE: FORD RANGER SINGLE CAB 4X4		PTT / GVW / PTC: 3270 kg	PASSO / WHEELBASE / EMPATT: 3220 mm

CODICI MONTAGGIO CORRISPONDENTI:

E6

XT0381002

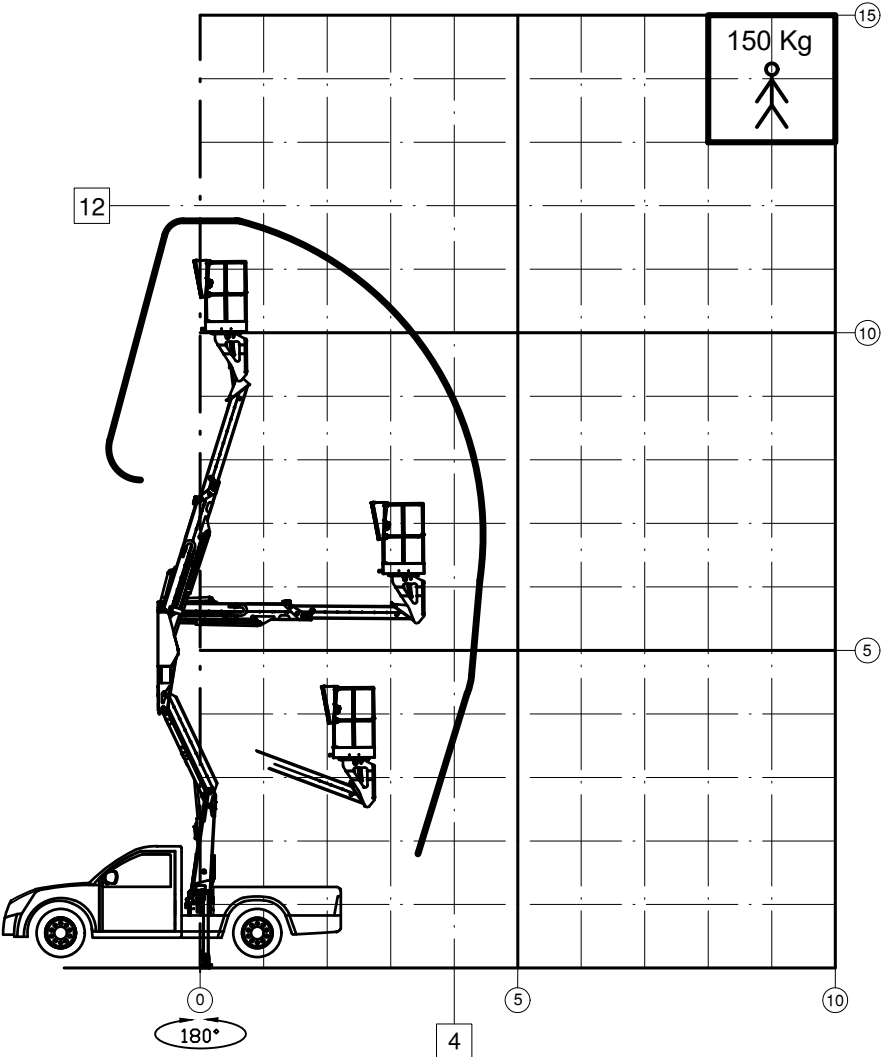

XT0381004

XT0381006

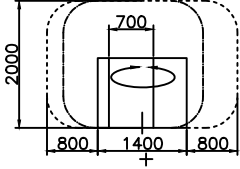

XT0381007

XT0381008

XT0381009

Area lavoro navicella
Working area basket
Zone de travail nacelle

CARATTERISTICHE TECNICHE TECHNICAL FEATURES DONNES TECHNIQUES	
Altezza di lavoro Working height Hauteur de travail	11.8 m
Portata Working load Charge utile	150 Kg
Raggio max. di lavoro Working range Etendu latérale max.	4.5m
Articolazione braccio superiore Upper boom articulation Articulation bras supérieur	-40°+75°
Articolazione braccio inferiore Lower boom articulation Articulation bras inférieur	+60°- 45°
Articolazione Jib Jib articulation Articulation Jib	-
Rotazione torretta Turret rotation Rotation de la tourelle	180°
Ciclo completo di manovra Mnoeuving complete cycle Cycle complet de manoeuvre	3.30 min
Isolamento braccio superiore Upper arm isolation Isolement du bras supérieur	-
Isolamento braccio inferiore Lower arm isolation Isolement du bras inférieur	-
Sollevamento materiale Material lifting Matériel de levage	-
Conforme in conformity with en conformité avec	CE

NOTA: con Navicella in Vetroresina (1400x700) sbraccio ridotto di 0,75m
NOTE: with fiberglass basket (1400x700) reduced max. lateral outreach off 0,75m
NOTE: avec nacelle en fibre de verre (1400x700) déport latéral réduite de 0,75m

NOTA: con 80Kg di portata in navicella sbraccio massimo 11,5m
NOTE: with 80Kg capacity in the basket max. lateral outreach 11,5m
NOTE: avec 80Kg capacité dans le panier max. déport latéral 11,5m
