

### BELLY PILLOW PRO – EARLY AND LATE PREGNANCY

#### EARLY PREGNANCY

The Early Pregnancy Belly Pillow can be used from the moment you or your patient becomes pregnant. Its slight curve gently supports the hardening abdomen and allows pregnant women to comfortably lie on their front while being completely safe for the baby.

#### SPECIFICATIONS

• 64 x 45 x 8cm D

#### LATE PREGNANCY

The Late Pregnancy Belly Pillow supports you or your patients' growing belly right up until the last weeks of pregnancy. It allows a pregnant woman to lie on her front and eases pressure on her lower back and hips while being completely safe for baby.

#### SPECIFICATIONS

• 68 x 55 x 16cm D

Helps alleviate  
pain associated  
with pregnancy!

### WHAT IS IT MADE OF?

- Durable medium-density contoured foam with natural anti-microbial qualities
- Non-permeable, anti-bacterial and anti-fungal, hospital-grade outer cover in a neutral French-blue colour
- Excellent choice for hospitals and practices where infection control and easy cleaning are of great importance

### EXTRA COTTON COMFORT COVER

Includes one 4-way stretch cotton cover that slips over the Belly Pillow effortlessly and provides an extra level of comfort. The cover comes on and off quickly and is machine washable.

**Belly Pillow Set Bundle**

**Late Pregnancy with Extra Cotton Comfort Cover**
