

LIGHT, EASY OPERATION

SM70E

WALK-BEHIND VACUUM SWEEPER

Highly efficient work rate and extremely manoeuvrable machine will cover large areas fast.

Simple controls and a light weight machine makes the SM70E the operators choice and reduces strains from pushing heavy sweepers.

The SM70E is an extremely manoeuvrable sweeper, providing the perfect solution for indoor and outdoor floor surfaces. Featuring ergonomic design and dust-free sweeping, the SM70E is ideal for indoor and outdoor applications and can be used on carpet and hard floors.

FEATURES

- The wide cleaning path, works efficiently in commercial and industrial operations, both indoors and out
- Ergonomic handle can be adjusted into 3 different positions ensuring operator comfort
- Large panel filter reduces dust produced during sweeping, and can be removed easily without the need for tools
- On/off Suction control provided the ability to operation in both wet and dry conditions
- Light weight hopper allows for safe and easy handling of collected dust and debris
- Adjustable side brush can be heightened or lowered according to cleaning requirements
- Simple to use controls to activate side brush and suction

SPECIFICATIONS	SM70E
