Euro Basin Mounted
Sensor Tap

TW-MIX-01
Basin Mounted
Flick Mixer - Fixed

INSTALLATION NOTES

1) Fixture strength is ultimately determined by the load capacity of the supporting structure (noggins recommended for stud walls) and use of appropriate fixings. 2) Basin is secured to wall with a heavy duty wall bracket (supplied) that incorporates five fixing points (suits 5mm dia. fixings) and via five fixing holes (6mm dia.) integrated into the basin splashback. 3) Trap and fixings (other than wall bracket) not supplied.
