

S-7XTRA® Hand Hygiene from Steri-7®

Hand Hygiene is the most important thing you can do to stop the spread of infections.

It is simple: Wash your hands as often as you can with soap and water.

When water is not close at hand; we recommend using **S-7XTRA® Hand Rub**.

Formulated to work in dirty conditions, it is highly effective against bacteria and complies with W.H.O and EN standards for Hand Hygiene.

S-7XTRA Hand Rub is:

- Proudly Made in Australia.
- Dermatologically Tested and non-perfumed.
- Alcohol Free and non-flammable.
- Contains natural moisturisers which protect skin cells from environmental stress, dehydration and that maintains skin integrity.
- Works in dirty conditions and remains effective for up to 3 hours.
- Safe to use in sensitive environments where **alcohol can be an issue**.

S-7XTRA Hand Rub is available in the following formats:
