

# KITO M3 SERIES CHAIN BLOCKS

## Applications

- ✓ Mining, construction, engineering, infrastructure, manufacturing
- ✓ Ideal for processing plants, manufacturing plants, job sites, construction sites, projects

## Features

- ✓ Gear case and hand wheel cover resistant to external shocks.
- ✓ Double enclosure protects internal mechanisms from mud and dust.
- ✓ Double pawl springs for enhanced reliability.
- ✓ Reliable mechanical brake ensures safety.
- ✓ Stopper prevents excessive lowering.
- ✓ Needle and ball roller bearings allow maximum mechanical efficiency with minimum effort.
- ✓ Durable Kito nickel-plated Grade 100 load chain.
- ✓ Optional overload limiter prevents damage from excessive load.
- ✓ Optional close coupled to push and geared trolleys.
- ✓ Standard lift heights of 3m and 6m.
- ✓ Custom lift heights available.

Durable, safe and functional. Kito M3 Series Chain Blocks designed for maximum durability and safety in continuous heavy duty applications.

**Capacity:** 500kg – 50T

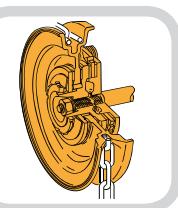

## Options

TSP push trolley  
500kg – 5T

TSG geared trolley  
500kg – 10T

Overload limiter  
(OLL)

Australian Standard: AS 1418.2

A global leader of the lifting & securement industry

# KITO M3 Series Chain Blocks

\*Weights shown for Chain Blocks are for standard 3 metre lift models.

Optional lift heights available.

Details for larger capacities available on request.

## Also Available

**Explosion Proof M3**

0.5T – 3T capabilities  
ATEX Ex II D G c IIB T4

**High Speed M3**

2.5T - 50T capabilities  
Automatic high & low speed change

**SHB Geared Trolley Mount**

1T - 10T capabilities  
Ultra-low headroom hand chain hoist

**Premium Quality Products**
