

Contour
Conceal

Is your patient's dignity & privacy...

What it should be?

Introducing...

The Contour Conceal

The Contour Conceal has been sensitively designed to assist you to provide patients who have passed away with a safe, secure, and dignified passage from wards to mortuaries. Offering full concealment, with your choice of subtle grey or calming rainforest, mountain or lakeside theme covers, the platform stretcher ensures each transfer is carried out with the utmost of ease, efficiency and respect.
