

GLIDE

The freedom to be you.
The NEW Centro 2.0

Your style should be yours to choose.

Multitude of customisable options.

Countless colours.

Exceptional engineering.

Engineered with precision, designed for comfort

The new Centro 2.0 blends modern updates with its proven, robust, and reliable design. Now even more customisable, it introduces new features, including:

- Optional Memory Position for personalized seating.
- Optional Shear Reduction Backrest for added comfort.
- Now with black non-marking tyres as standard.

A new world of colour

When you choose the Centro 2.0, you're not just choosing mobility, you're choosing style. Our market leading technology offers a vast range of colour choices and design patterns, giving you more choice and control over the style of your chair.

Elevate your style

Experience confidence and visibility with the Centro 2.0 VL's powered seating, which raises you up to 30cm from the base height. Perfect for social settings, this feature ensures that you communicate at eye level and enhances your presence.

Recline

Tilt

Lift

Comfort has never looked this good.

Shear Reduction Backrest

Optional power reclining shear reduction backrest available on standard and vertical lift models.

Vertical Lift

Replacing the standard seat tilt mechanism, users of the Centro VL can raise their seat by 30cm.

Posterior Tilt

For comfort and convenience, the seat has a 50° posterior tilt.

Memory Positioning

Programme the system for up to potentially 15 memory positions.

Pozi-Track Suspension

Glide's patented 6-wheel APT suspension uses power traction to smoothly traverse kerbs and prevent nosedive when descending.

Wheels

The Centro 2.0 VL has 14" drive wheels, 8" front and 7" rear castor wheels as standard. There is a range of options such as wide terrain tyres and larger or smaller castors.

Customised cushioning

For ultimate comfort, custom cushioning can be fitted by Glide or by the distributor.

Colour choices

Choose from an extensive colour palette. For all our options refer to the Centro 2.0 script form.

The Glide **Difference**

Crafted with care in Australia

Every detail of each Centro 2.0 is expertly crafted to meet your unique needs. Because your wheelchair will be manufactured by an Australian-owned and operated company, we ensure the quality and servicing throughout the life of your chair.

50 years of innovation

Over five decades, Glide has earned the reputation for quality, reliability and innovation, providing mobility solutions that enhance the health and well-being outcomes of wheelchair users.
