

Switchboard/ Furniture Moving Trolley- 5000kg Capacity

5000KG Heavy Duty Hydraulic Switchboard/ Furniture Mover.

Specifications

The hydraulic furniture mover from Mitaco offers a lifting height of 160mm and movable forks for a better position. The support rails of the mover come with protective covering and is given a powder coated finish. The trolley is also endorsed with two Polyurethane wheels each of a diameter of 200mm. Polyurethane is a polymer and hence resistance to a wide range of extreme conditions, making the wheels more durable which can move easily even on carpeted floors and harder surfaces also helps moving on rough surfaces. The net weight of the mover is just 102 kgs.
