

MODEL 2509

**HEALTH
AND SAFETY**

Minimize your risk

Perfect for

Wholesalers
Factories
Distribution Centres
Large Retailers
Food Handlers
Food Producers

Minimize your waste of time, space and money

- Handles large volumes fast and efficiently
- Automated bale-out mechanism
- Extra wide pressing chamber
- New EN16500 safety features
- Faster pressing cycle & bale-out indicator
- Improved fail-safes and locking mechanisms

The new Mil-tek 2509 baler is the perfect solution for dealing with large volumes of cardboard and/or plastic, particularly when space is a premium. Despite its small footprint, the 2509 baler can produce a bale of 400 kg.

Fully compliant with EN16500, the Mil-tek 2509's extra wide door opening making it perfect for loading large cardboard boxes and other materials. It also has two powerful cylinders applying constant pressure resulting in dense and heavy bales that fit perfectly onto a standard pallet allowing for simple storage and transportation.
