

Water Chiller to suit two or more aquaBUBBLERs

RWC 15

RWC 7.5

These refrigerated water coolers RWC have either a 7.5 litre or 15 litre stainless steel storage tank.

Both RWC's supply 90 litres of cold water per hour.

Each unit is with an ambient temperature control to prevent the refrigeration system from running in cooler weather (24 degrees or below).

If the ambient temperature drops below 24 degrees, the RWC switches off. If the temperature raises above 24 degrees, the RWC powers up.

Description/Features:

Water Supply:	Mains Water Supply
Dimension:	RWC 7.5 - 34cm long x 85.5cm wide x 28cm high RWC15 - 34cm long x 135cm wide x 28cm high
Weight:	RWC 7.5 - 39 kgs, RWC15 - 41 kgs
Cooling system:	R134a
Colour:	White
Power supply:	220/240 volts, 50Hz, 1PH
Warranty:	2 Year
