

Solution with ROTATOR

✓ **Welding of telescope
crane arms with
Rotator 2000**

ROTATOR – bigger – faster – stronger

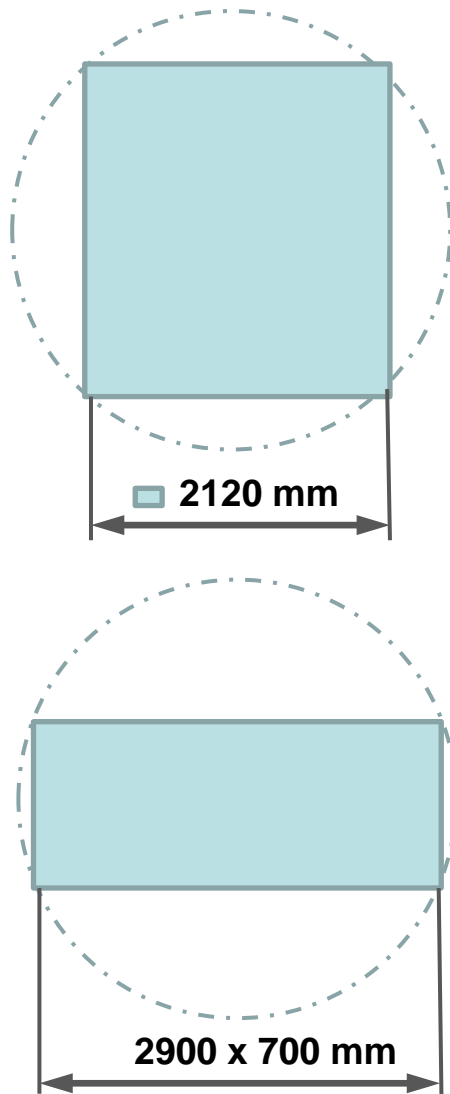

Fast chassis turning for:

- Welding + grinding
- Assembling
- Visual Inspection

ROTATOR – bigger – faster – stronger

ROTATOR 3000

ROTATOR – bigger – faster – stronger

Rotator for assembling works

✓ **Assembling operations for heat exchanger with Rotator 2500/15 to**

ROTATOR – bigger – faster – stronger

Solution for very long beams

**Several Rotators
in a line for long
and heavy parts.
(e.Q crane beam)**

ROTATOR – bigger – faster – stronger

Solution with ROTATOR

**Fast grinding
operation with
ease**

**360° fast turning
and rotating
without a crane**

ROTATOR – bigger – faster – stronger

Solution for very long beams

✓ **Several Rotators
in a line for long
and heavy parts.
(e.Q crane beam)**

ROTATOR – bigger – faster – stronger

Fast visual inspection 360°

**Fast visual 360°
inspection of
welded beams**

ROTATOR – bigger – faster – stronger

ROTATOR
increase your
safety

ROTATOR – bigger – faster - stronger

High quality

**Durable chain
for safety when
turning
(no belts!)**

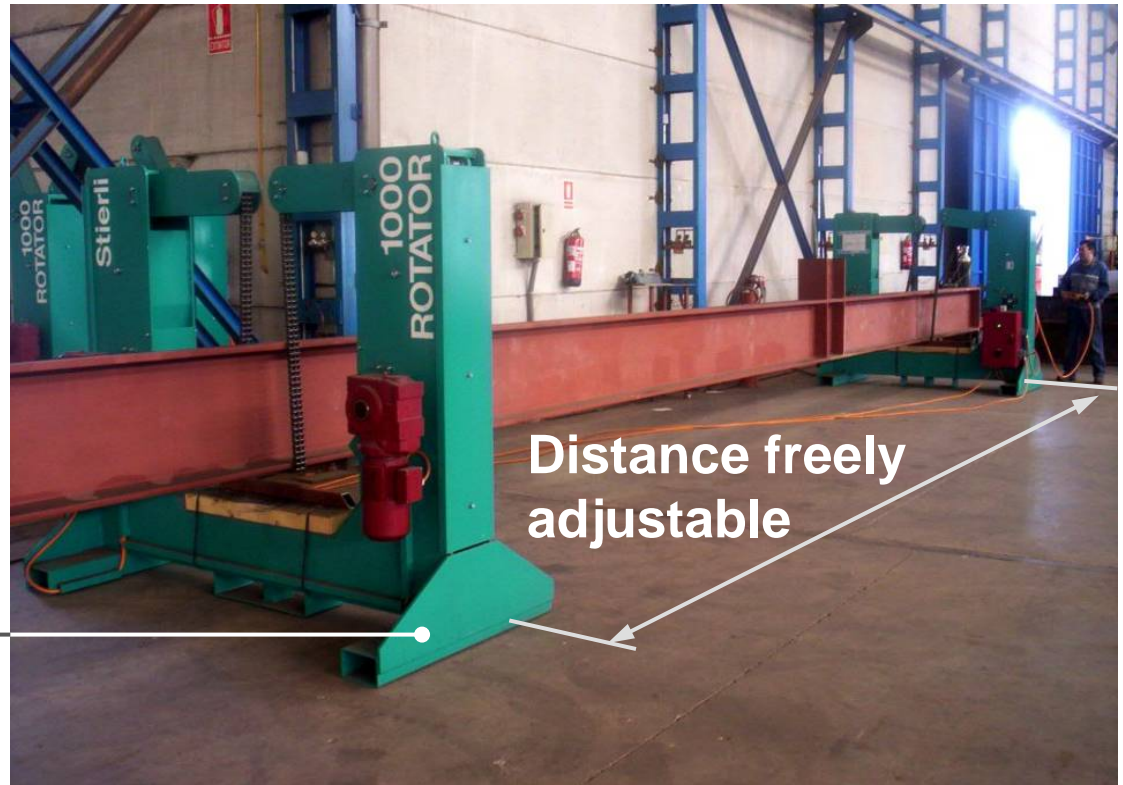

ROTATOR – bigger – faster – stronger

Mobile system:

**With palett truck
or forklift**

ROTATOR – bigger – faster – stronger

Thank you
very much...

...for your attention!
