# Hot & Crispy Fry Warmer

The BKI Fry Warmer keeps fried foods hot and crispy on the outside and moist and delicious on the inside.

Utilising convected air heating technology this warmer doubles the holding time of fries, chicken tenders and more without drying or creating a tough texture or limp products.

Parts are easy to remove for cleaning and are built out of durable stainless steel. The UW-17 Includes an automatic safety cut-off feature to prevent overheating.

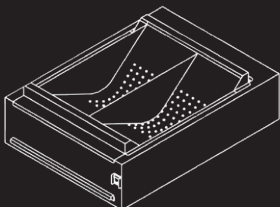

Reduce your customer wait times and help increase your output.

## Key Features

- Overheat safety system
- Pan Divider
- Safety Cut-Off
- Removable parts for easy cleaning
- Only 10 Amp power requirement
- 100% hand built in the USA
- Up to 3.7kg of holding capacity
