

Compact Touch Veterinary Ultrasound System

Touch • Vet Specific • Cost Effective

Product Overview

Weighing only 1.2 kg, the BestScan® S6 Touch is a compact veterinary ultrasound system designed for bovine, equine and ovine imaging, including reproductive examinations and basic equine tendon imaging.

Its lightweight design, touch-based controls and long battery life make it suitable for both clinic and on-farm veterinary use.

Designed for Efficient Veterinary Imaging

Fast - Touch-based controls help streamline examination workflow.

Accurate - Clear imaging supports reproductive and general veterinary assessment.

Easy - Compact, ergonomic design for clinic and on-farm use.

Key Features

- Compact and lightweight design – only 1.2 kg
- 6.5-inch LED touch screen
- High-quality veterinary ultrasound imaging
- Up to 6 hours battery life
- Fast start-up for efficient examinations
- Multiple probe options for greater versatility
- Designed for clinic and on-farm veterinary use

Veterinary Applications

- Bovine reproductive imaging
- Equine reproductive imaging
- Ovine reproductive imaging
- Basic equine tendon imaging
- On-farm pregnancy examinations
- General veterinary ultrasound assessment

Imaging, Probes & Accessories

Clear Veterinary Imaging

Advanced noise-reduction technology helps deliver clear ultrasound images for efficient veterinary examinations.

Supported Probes

Bovine Scan Curve

Bovine reproductive imaging

Bovine Scan Linear

Bovine reproductive imaging

Equine Scan Linear

Equine reproductive and tendon imaging

Ovine Scan Convex

Ovine imaging

IFR™ Probe Introducer

Designed to support comfortable probe positioning and efficient on-farm scanning.

- Supports easier probe positioning
- Improves operator ergonomics
- Helps streamline on-farm workflow

I-Scan® Ultrasound Goggles — Optional

Provides direct viewing of the ultrasound image during scanning, including in bright sunlight and low-light environments.

- Hands-free image viewing
- Suitable for outdoor field use
- Supports efficient mobile examinations
