

Semi-Auto Mobile Stretch Wrapping Machine

Orbitwrap OR-700M

The OR-700M is a self-propelled Robot Wrapping Machine for wrapping pallet loads of any shape, size or weight. The OR-700 has been designed with maximum efficiency in mind, with advanced technology and a sleek design. The touch screen 11" operating panel has 6 + 1 selectable programs and a range of parameters including bottom & top wraps, speed of rotation, speed of carriage movement up & down. It also has independently adjustable top-sheet & height-setting programs.

MADE IN ITALY

Productivity
Eliminate labour intensive, inefficient manual hand wrapping

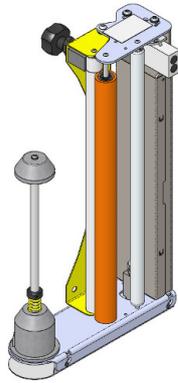

Reliability
Rugged steel construction for long-term reliability

Easy
Photocell eye for automatic height detection
