

XPAC by Breas: Powerful Independence

XPAC by Breas is an extended-life backup battery with a difference. The modular design contains two high powered lithium ion batteries, which can be easily removed and replaced by the user. The XPAC intuitive LED display shows the health of each battery so you know when it is time to renew the batteries.

Longer run times

- Double the capacity of similar external batteries, containing 2 x 99.4 WH batteries

Lower cost of ownership

- Removable batteries which can be replaced when they reach the end of life

Intelligent and intuitive LED display

- The battery management system allows users to check the state of charge/health

Quick Independent charging system

- Charges both batteries from empty in <4hrs

Mobility

- Option of shoulder carry bag which also protects the battery when placed on/under wheelchair
- Certified for use on aircrafts (remove one battery)

Approximate Run Times

Device	Vivo 30/40	Vivo 50/55/60/65	Vivo 45/45 LS NIPPY 4/4+	Vivo 1-2-3	Clearway 2
Run Time	10hrs*	12hrs*	18hrs*	36hrs*	2hrs**
Recharge Time	4hrs (both batteries charge simultaneously)				
*IPAP 20cm / EPAP 8cm, Rate 15BPM					
**Insp 40cm / EXS -45cm					

Technical Information

Battery Type	Lithium Ion
Battery Capacity	99.4Wh (per battery)
Output	19v -34.8v
Power Supply	Input 100-240v Output 18v DC, 60w Max
Weight (Dual Battery)	1.5kg (3.3lb)
Dimensions L x H x D	213 x 58 x 94mm (8.4 x 2.3 x 2.7 inches)
Life Span	Battery 2-3 years (with daily use)

Order Codes
