Single Chamber Toaster Product # 464-B

The Prince Castle Single Chamber Toaster is a versatile, radiant-style toaster. Programmable for different toasting times and products, the 464-B Single Chamber Toaster perfectly toasts anything from buns to bagels to croissants. The 464-B is front-loading and toasts up to 3 buns at one time. This model is designed to toast one side of the product.

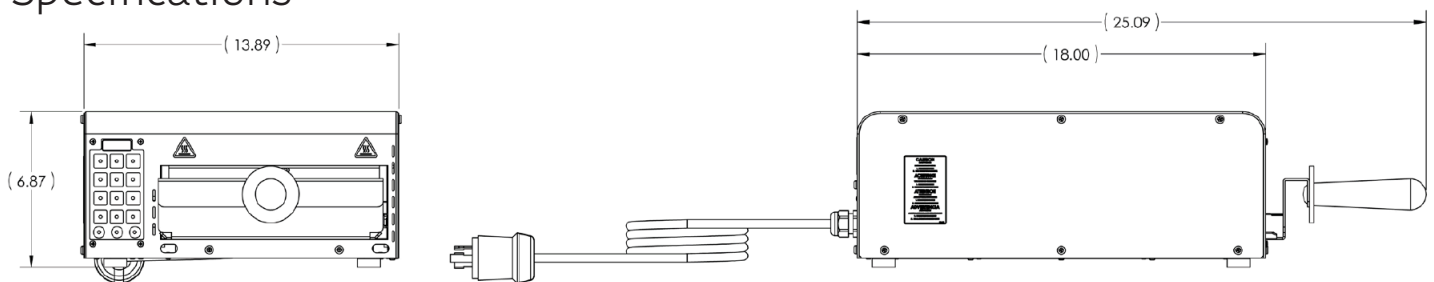

Product Features

- Ideal for toasting virtually any bread or bakery product—breads, bagels, buns, croissants, ect.
- High-limit temperature control.
- Reliable, efficient, radiant heat element.
- Stainless steel and aluminum construction.
- Cooler external surface temperatures ensure safer operation.
- Removable loading tray and crumb tray allow for easy cleaning.
- One-year parts and labor warranty.
